### OBJECTIVE:

Motivated undergraduate student pursuing Computer Science and Engineering with specialization in IoT & Automation (CIA), seeking an entry-level opportunity to apply technical skills, gain practical experience, and contribute to innovative projects while building a successful career in the IT industry.

### EDUCATION:

| DEGREE                 | INSTITUTION                                                        | BOARD / UNIVERSITY | YEAR OF PASS | PERCENTAGE/ CGPA |
|------------------------|--------------------------------------------------------------------|--------------------|--------------|------------------|
| Bachelor of Technology | Siddhartha Institute of Science and Technology (Autonomous),Puttur | JNTUA University   | 2027         | 8.34             |
| Intermediate           | Government juniour Collage Chavatagunta                            | State Board        | 2023         | 7.32             |
| Secondary Education    | Veda Vyasa Vidyaniketan school , puttur                            | State Board        | 2021         | 10               |

### SKILLS:

- HTML ,REACT ,JS
- CSS
- Java script
- Basic python

**CERTIFICATES:**

- Hackathon Participation – Siddhartha Institute of Engineering and Technology Hackathon
- 30-Day Online Master Class in **Full Stack Development** – NoviTech R&D private Limited
- Introduction To Industry 4.0 And Industrial Internet Of Things Certificate In NPTEL

**PROJECT WORK:****Crop Yield Prediction using Full Stack Abstract:**

Accurate crop yield prediction is crucial for farmers to plan resources and reduce losses. Machine learning models integrated into a web application help analyze soil, weather, and rainfall data to forecast yield efficiently. Technologies Used: HTML, CSS, JavaScript: For frontend UI. Python, Flask, Scikit-learn: For backend and ML model integration.

**Outcome:**

Developed a full stack web app to predict crop yield with 85% accuracy after data preprocessing and model evaluation.

**SOFT SKILLS:**

- Communication
- Problem-solving
- Team Collaboration
- Time Management
- Decision Making

**INTEREST:**

- Full Stack Development
- Learning New Technologies

**HOBBIES:**

- Listening music
- Reading books
